## Introduction

The Carlsbad Cultural Arts Office and the Carlsbad Arts Commission invite applications for the annual Community Arts Grants program. Community Arts Grants are designed to help Carlsbad arts organizations, artists, and community and educational groups achieve their artistic and administrative objectives, while simultaneously providing cultural and artistic opportunities for Carlsbad citizens.

Proposals may involve visual, performing, literary or media arts. There are two categories of grants:

1. Organizations/Artist Partnerships
2. Arts Education.

The Goals of the Community Arts Grants Program are:

- To provide opportunities for the artistic and cultural development and enjoyment of our citizens.
- To support all arts disciplines and artists in every stage of their careers.
- To encourage the development of culturally diverse activities.
- To ensure that the arts reach all segments of the population.

## Guidelines

### What We Fund

Proposals eligible for funding under **Organizations/Artist Partnerships** include:

- Publicly accessible performances and exhibitions of the arts that take place within the City of Carlsbad.
- Community arts projects, such as workshops, lectures, etc, that provide arts opportunities to people who are not necessarily professional artists.

Proposals eligible for funding under **Arts Education** include:

- In-class and after-school projects involving guest/practicing/professional artists and providing students with arts participation activities, including artist-in-residence activities, collaborative programs and events by student artists which are open to the public.
- Support for ongoing activities of school-based, student extracurricular organizations that the public may attend. Funded activities must take place within the City of Carlsbad.

### Who We Fund

Community Arts Grants are available to not-for-profit, tax-exempt organizations, as determined either by the Internal Revenue Service or the California State Franchise Tax Board. Organizations that wish to submit proposals but do not have not-for-profit incorporation status may apply through a Fiscal Sponsor (*an organization which has non-profit incorporation status*). The Fiscal Sponsor will be responsible for receiving and dispersing awarded funds. The Fiscal Sponsor must be willing to perform this service at no cost to the applicant. An organization which acts as a Fiscal Sponsor for another organization will NOT be prevented from applying for a grant for its own programs.

**Partnerships:** All arts organizations headquartered outside the City of Carlsbad and all individual artists, no matter whether or not they are Carlsbad residents, are only eligible to submit proposals in partnership with Carlsbad-based organizations or schools. Partnership proposals involving individual artists must be submitted by the partnering Carlsbad organization or school, which must provide all support documents required in its application category. Partnership proposals involving outside organizations may be submitted by the outside organization and must include a Letter of Participation signed by the chief executive or principal of the partnering Carlsbad organization or school. This letter should specifically identify the role of the Carlsbad partner in the proposed project.

Arts Education Grants are available to Carlsbad public and private schools, student organizations, and authorized parent support groups. Arts Education proposals in partnership with outside organizations must demonstrate significant involvement by the partnering Carlsbad school in the proposal's development. Grants are not given for activities and programs that are part of the regular curriculum, such as ongoing art classes or for one-time assembly programs by outside partner organizations.

Elementary Schools may submit one application per school site.

Middle Schools may submit up to two applications per school site.

High Schools are not limited in the number of applications per school site.

#### What We Do Not Fund

- Scholarships, fellowships or tuition assistance
- Direct grants to individuals
- Capital expenditures above \$500 (*See definition below*)
- Costs incurred before the start of the funded project (*earliest start date is January 1, 2007*)
- Applications to reduce existing deficits
- Arts activities outside the City of Carlsbad
- Competitions or pageants
- Fund-raising events
- Hospitality costs
- Publication of manuscripts or compositions not created as part of a grant-supported project or program
- Activities not open to the Carlsbad general public
- School programs traditionally part of the academic curriculum
- Projects that are primarily religious in nature

Capital Expenditures are: *Purchases of real estate; facility or property construction, renovation or repair costs; purchase of equipment related to general operations – such as air conditioning, electrical or communication systems, vehicles, office equipment.*

#### Who We Do Not Fund

- Applications submitted by government agencies.  
(*Applications from public K-12 schools are permissible under the Arts Education category.*)
- Applications submitted by support groups for the City's own cultural facilities and programs.

#### Grant Amounts

\$24,000 is available for the 2007 Grant cycle. Of this total, up to 40% (\$9,600) may be allocated for Arts Education grants, to be determined by the Carlsbad Arts Commission upon the recommendation of the Peer Review Panel. Arts Education proposals are restricted to a maximum request of \$1,000. Grants to Organizations/Artist Partnerships typically range from \$500 to \$3,000, although there is no limit on the maximum request allowable.

#### Matching Requirements

**Grants can only amount to 50% of the entire proposed project costs.** All grant money awarded must be fully matched. The applicant must provide half or more of the total project cost in cash or a combination of cash and in-kind contributions from other sources, identified in the Project Budget. (*In-kind contributions refer to facilities, supplies, equipment, and services whose monetary value can be determined and that are necessary to the project and would otherwise need to be purchased or rented by the applicant.*) In cases of demonstrated special need, a high in-kind match may be acceptable. These cases must be discussed with the Community Arts Coordinator prior to submitting an application. Only 25% of the grant request may be used for supplies related to the project.

### Peer Panel Process

A Peer Review Panel consisting of artists, arts professionals from the Carlsbad area, and assigned Arts Commissioners will review and rate all grant applications, determine project worthiness, and recommend appropriate funding levels. All applications are individually evaluated with narrative comments, given numerical scores and collectively ranked. The process is designed to strengthen the evaluation process and to ensure the integrity and success of the grants program.

The Carlsbad Arts Commission reviews peer panel recommendations and awards the grants.

### Review Criteria

Proposals will be reviewed and rated on the basis of the following criteria:

Scope of Project: Proposal fulfills aspects of Community Arts Grants Goals and meets all Guidelines.

Artistic Merit: Project relates to organization's mission; project objectives are clear; project demonstrates quality with regard to participating artists, type and level of activities, and opportunities for residents to participate.

Community Impact: Project establishes or strengthens consistent programming in Carlsbad by applicant organization; demonstrates participation by Carlsbad artists, students, members, volunteers or others; demonstrates history of Carlsbad audience attendance or other participation; addresses unmet needs, underserved audience; serves significant number of Carlsbad residents in relation to proposed grant amount.

Fiscal Readiness: Project Budget demonstrates relationship to organization's annual budget, organization's need, organization's appropriateness of match, use of funds, and accountability.

Organizational Readiness: demonstrates ability to conduct project successfully; shows diverse financial resources and Board/volunteer engagement; keeps appropriate financial records.

### Notification, Contracts and Payments

- A notification letter of acceptance or denial will be sent to each applicant by December 18, 2006. This letter serves as the agreement between the Cultural Arts Office and the approved grantee.
- The Cultural Arts Office reserves the right to negotiate the location of grant-funded activities.
- Applicants awarded funding must contact the Community Arts Coordinator and schedule a grantee's meeting.
- The first payment of 25% is made within 20 days of satisfactory completion of the grantee's meeting.
- The second payment of 50% is made after the Cultural Arts Office is notified by letter that the project has begun.
- The third and final payment of 25% is made upon receipt, review and acceptance of the applicant's Final Report Form.

### Changes

Proposed legal amendments to approved projects and contractual agreements for grant funds must be submitted in writing to the Cultural Arts Office by the grantee for approval.

**Any changes in purpose, personnel, location, date, activity or budget must receive Cultural Arts Office approval before grant funds may be used.**

### Financial Management

Grant recipients are required to maintain accounts, records and the evidence pertaining to costs incurred and revenues acquired under the respective grant program.

More specifically, grantees should be able to provide upon request:

- Accurate, current and complete disclosure of the financial accounting for the grant project.
- Records that identify adequately the sources and application of funds for grant-sponsored activities.
- Accounting records which can be supported by source documentation: invoices, receipts, bank statements, etc.

### Public Acknowledgement

Grant recipients must credit the Cultural Arts Office for its contractual support of the project in printed and broadcast promotion, brochures, posters, programs, handbills and other promotional material. Grantees failing to provide the required credit may forfeit the remaining grant funds due in the current cycle or be denied application in the next grant cycle. The following acknowledgement must appear on all published materials concerning the funded project:

**“This program is made possible in part by a Community Arts Grant from the Cultural Arts Office/City of Carlsbad.”**

In addition, grantees must keep the Arts Office informed of all program dates and times. Grantees are encouraged and expected:

- to provide full and timely information to the Arts Office so grant-funded programs can be included in the Cultural Arts Office's bimonthly newsletter, Carlsbad Arts News.
- to make every effort to provide photographs suitable for use in Cultural Arts Office publications of the activities and participants of funded projects.
- to extensively promote funded events and projects.
- to extend individual invitations to the members of the Carlsbad City Council and Carlsbad Arts Commission.

### Monitoring and Site Visits

The Cultural Arts Office will monitor grant projects during the course of the grant cycle. Grant applicants may be contacted by the Cultural Arts Office staff and may receive a site visit. The reports of these site visits will be inserted into grant application files and provide a basis for evaluation of future requests.

### Final Report

Grantees will be required to file a Financial and Narrative Report within 30 days of the project completion, unless an extension has been mutually agreed upon between the grantee and the Cultural Arts Office. However, the Final Report must be filed by the end of the year the grant project took place. The Final Report must identify all income sources and amounts.

**All Final Reports from a Grantee's previous year's funding must be submitted to the Cultural Arts Office before distribution of new funds awarded to the Grantee can occur.**
